Thought process

Made the website based on the previous year's website and theme.

What you wanted/expected to do

After studying the previous year's website. I wanted to know how to make a timeline.

What you learned or improved yourself in

Learned to make a timeline and integrate it with the template

Some new CSS properties

What you were stuck with

While integrating the timeline with the template.

Issues faced, comments and suggestions

Issues in timeline

Some issues in aligning
